

Support for any challenge across your school or trust

We believe that positive change happens in schools when education leaders are empowered to take meaningful action. Great leadership at all levels requires context, confidence and **the knowledge to act**.

We invest in people, content and systems that support over 160,000 school leaders and governors in 16,000 schools across the UK.

In partnership with the **London Diocesan Board for Schools** your school is eligible for access to all of The Key's services at a **discounted rate**.
